

PMP MANAGEMENT LLC. ONE OF THE FASTEST GROWING ASSOCIATION MANAGEMENT COMPANIES IN THE AUSTIN, TEXAS MARKET

PMP MANAGEMENT LLC. recognizes rapid growth in 2020, despite COVID-19 and resulting economic impacts, forecasting continued strong growth through 2021 in the Lone Star State.

AUSTIN, Texas (January 26, 2021) – PMP MANAGEMENT LLC. (PMP), a local homeowners association management company, is amongst some of the fastest growing companies in the region, creating quality jobs and contributing to Austin’s continued economic growth. Since opening their doors in the lone star state in 2019, PMP has built a diverse community portfolio consisting of over 8,000 homes, including both condominiums and single-family home developments, and recently expanded into new office space in Austin.

“Austin is an amazing city with unlimited growth opportunities. Strong residential real estate growth coupled with a highly educated workforce made investing in the Austin market an easy decision,” says Brad Watson, President and CEO of PMP. “The Austin market has not disappointed. There’s a reason why companies are relocating here.”

PMP’s unwavering commitment to extraordinary customer service and their innovative services have differentiated PMP in the saturated association management industry, contributing to their expansion within the Austin market.

“We offer a unique approach to association management focused on a truly exceptional client experience and the Austin market has responded favorably,” says Tracie Manriquez, Director of Community Management for PMP. “I think Board Members and residents were ready for a different approach to community management, and PMP has provided a welcome change.”

PMP’s office is located at 13785 Research Blvd, Austin Texas 78750. For more information visit www.pmpmanage.com or call PMP at (512) 381-2919.

ABOUT PMP MANAGEMENT

PMP was founded in 2008 with a vision for a fresh approach to association management, focused on extraordinary customer care and a proactive, value-added approach to management that has come to define their organization. After working with the association management industry for nearly a decade, their firm’s founders recognized an opportunity to revolutionize the way homeowners associations were managed and elevate the resident experience. PMP currently manages over 170 communities representing approximately 40,000 homes in eight submarkets and four states, including California, Texas, Arizona, and Utah.
